

Secondhand Stores in Saarbrücken - Keep It Vintage

There are several secondhand stores in the city of Saarbrücken. One of them is *Keep It Vintage*, a sustainable fashion company that offers a wide range of vintage clothing for women and for men at affordable prices. The concept consists in weighing the clothes you choose, to determine the total cost of your selection.

On the picture below, you can find the price offerings based on different clothing categories, going from the lowest price of 10€/kg for a t-shirt, to the highest price of 25€/kg for a sweater or jacket.

Events

The homebase store is situated in Saarbrücken. However, *Keep It Vintage* also organises multiple events in different cities in Germany, as well as in France.

Vintage Kilo Sale is a free pop-up event to which you may have the opportunity to attend in your own town. You can find vintage pieces for all tastes and budgets. These events usually take place in a nice atmosphere, with music, and at an original location. Similarly to the store, your selection is weighed at the end of your shopping to obtain the corresponding price. If you are interested, you can get your free ticket by clicking [here](#), to be redirected on the main website.

Accessibility

From the city center, the tram S1 in direction of Brebach, Kleinblittersdorf or Sarreguemines will bring you to the tram station "Hellwigstrasse", directly situated in front of the store. It is also possible to go by foot, which approximately takes 20 minutes from Johanneskirche.
