Skateanlage Bürgerpark-Hafeninsel – English Version

 **Für Alle**

 **7. Februar 2024**

 **bearbeiten**

[german version](#) (deutsche Version) ; French version ([version francaise](#))

The skate park is located on the harbor island of Saarbrücken Bürgerpark. It can be reached by public transport at the Saarbrücken Hbf and Trierer Straße stops on the Saarbahn or by bus.

Niclas Enrico Brück

The skate park is somewhat secluded, with access from the sidewalks along the Saar, stairs at the congress hall, spiral staircases and an elevator behind the parking lot at the employment agency and near the CineStar cinema. The Bürgerpark, where the skate park is located, is situated here.

Übersicht über den Skatepark

The skate park has a wide range of obstacles. The entrance area has a curved ramp that stretches across the entire width of the park. In addition to a large fun box with rail and kicker ramp, there is a ledge for grinds in the middle.

For grind tricks, there is another ledge, a manual pad, longrail, a stair set with a rail and a low ramp with a wrapped ledge in the other half of the skate park. It is part of a raised area that is supplemented by a continuous ramp and closes off the skate park.

Ein Rundgang über die Skateanlage veranschaulicht den Aufbau der Anlage
